

Name: Jwalitha Chowdavarapu
Topic: Core Prompting Techniques

Introduction: Core prompting techniques improve AI reasoning and response quality using structured thinking, action, and self-review.

CoT Ex1

A number is divisible by 9 if the sum of its digits is divisible by 9. For 45, $4+5=9$, so 45 is divisible by 9. Therefore, the answer is Yes.

CoT Ex2

The statement targets businesses but lacks measurable benefits. A better version is: 'Our ERP automates workflows, reduces manual work, and improves productivity.'

CoT Ex3

Cloud-based means the ERP is hosted online and accessible through the internet. It provides remote access, lower maintenance costs, and better collaboration.

CoT Ex4

Excel is useful for basic tasks but is difficult to scale. ERP integrates all departments and automates processes, making it the better option for growing startups.

CoT Ex5

Manual data entry causes delays because it is slow and prone to errors. Using an ERP system automates the process and improves efficiency.

ReAct Ex1

'Our software is good' is too vague. Improved: 'Our software automates repetitive tasks, improves accuracy, and saves valuable time.'

ReAct Ex2

The resume line lacks impact. Improved: 'Performed functional and regression testing, identified defects, and collaborated with developers to improve software quality.'

ReAct Ex3

'Click here' is not persuasive. Improved: 'Start your free ERP demo today and boost your business productivity.'

ReAct Ex4

The email lacks benefits. Improved: 'Our ERP solution streamlines operations, reduces costs, and improves decision-making.'

ReAct Ex5

The bug report needs details. Improved: 'The dashboard loads in over 30 seconds after login on Chrome, affecting multiple users.'

SC Ex1

Initial: ERP helps businesses manage operations. Improved: ERP integrates finance, HR, sales, and inventory into one platform for better efficiency.

SC Ex2

The best answer explains that ERP centralizes data, automates workflows, and improves collaboration because it is the clearest and most complete.

SC Ex3

Subject options: 'ERP Demo Invitation' and 'Discover How ERP Can Improve Your Business'. Final: 'Book Your Free ERP Demo Today!'

SC Ex4

Cloud computing means using internet-based services to store data and run applications instead of relying only on a local computer.

SC Ex5

ERP helps managers by providing real-time reports, improving coordination, and supporting faster business decisions.

Conclusion: Chain-of-Thought, ReAct, and Self-Consistency prompting help AI produce accurate, logical, and reliable responses for real-world tasks.
